September 24, 2020

To the Board of Education  
Gorham-Middlesex Central School District, New York

In planning and performing our audit of the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Gorham-Middlesex Central School District, New York as of and for the year ended June 30, 2020, in accordance with auditing standards generally accepted in the United States of America, we considered the Gorham-Middlesex Central School District, New York's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However material weaknesses may exist that have not been identified.

## **Prior Year Deficiency Pending Corrective Action:**

### **School Lunch Fund –**

As indicated in the financial statements, the School Lunch Fund incurred a loss of \$5,827 after a transfer in from the general fund of \$60,000. In addition, the unassigned fund balance at June 30, 2020 was a deficit of \$21,731.

We recommend the District continue to monitor the School Lunch Program and develop cost containment and revenue enhancement measures to assist in maintaining the financial stability of the program.

**To the Board of Education  
Gorham-Middlesex Central School District, New York**

**Other Items:**

The following items are not considered to be deficiencies in internal control; however, we consider them other items which we would like to communicate to you as follows:

**Cyber Risk Management –**

The District's IT personnel routinely assesses cyber risk as part of their normal operating procedures. We recommend the District continue to document their cyber risk assessment process in writing which should include the risk assessment process, the frequency of the risk assessment, how findings are to be communicated to the appropriate level of management, and how the process will be monitored.

**GASB Statement No. 84 –**

During this next fiscal year the District will be required to implement GASB Statement No. 84 which will modify the financial reporting for the Agency Funds.

This will require a review of the various accounts currently reported in the Agency Funds along with the extraclassroom activity policy and procedures in order to determine where to report the District's extraclassroom activity funds, scholarships, and other Agency activity.

**Prior Year Recommendations:**

The following prior year recommendations have been implemented to our satisfaction:

1. The District developed a detailed procedures manual which addresses the compliance requirements for each of the respective federal programs.
2. All disbursements examined were supported by an approved purchase order.

This communication is intended solely for the information and use of management, the Board, audit committee, and others within the organization and is not intended to be and should not be used by anyone other than these specified parties.
